

# Paolo Baldini DubFiles & Queen Omega: 'You Are Not Alone'

Paolo Baldini DubFiles and Queen Omega strengthen their artistic relationship with the re-release of *You Are Not Alone*, a reworking of the track that originally appeared on Baldini's last album. The track is accompanied by a live version, recorded and filmed at the Sghetto Club in Bologna last November, and an unreleased dub version.

The track will be released on La Tempesta Dub on 27th March 2025 to mark the first anniversary of *In The Shell*, the Pordenone producer's latest album, which combines Jamaican-style reggae/dub sounds with samples recorded by Baldini during his many trips to West Africa.

The music video for the live performance by Paolo Baldini DubFiles and Queen Omega will be available on streaming platforms on the day of the release.
